Overview

Blackboard and McGraw-Hill publishers have partnered to produce McGraw-Hill Connect. McGraw-Hill Connect allows you to connect your subject with your McGraw Hill account and embed online textbook content, assignments and assessments directly within your LearnJCU subject site.

To take advantage of McGraw-Hill Connect:

- You must have a McGraw-Hill Connect account and be a subscriber to a McGraw-Hill resource.
- You must pair your subject with the subscribed McGraw-Hill resource.

Pairing your subject with McGraw-Hill Connect

1. If you have not done so already, establish a McGraw-Hill Connect account using your JCU email address at <http://connect.mcgraw-hill.com>
2. Log onto your LearnJCU subject site and click the **Tools** area on the left
3. Click the **McGraw Hill Higher Education** link

McGraw-Hill Higher Education

Access and Manage McGraw-Hill products for this course through Blackboard.

4. Click the **Pair Course with a Connect Section** link

McGraw-Hill Higher Education

McGraw-Hill Connect

McGraw-Hill Connect is a web-based assignment and assessment platform that helps connect students to their coursework and to success beyond the course.

Pair Course with a Connect Section

Pair your Blackboard Course with Connect now.

*Paired Connect Section: **Not associated with a Connect section.***

5. If your LearnJCU subject site has not previously been paired with a McGraw-Hill Connect account, a Welcome to McGraw-Hill window appears. Click **Continue**.

You're about to set up your Blackboard course with McGraw-Hill Connect™

On the following pages, we'll ask you to:

- Sign in or register for Connect
- Pair your course with an existing or new Connect section

Once you're done, you won't have to do this again.

[Learn more about how to use Blackboard with Connect](#)

continue

6. In the **Pair your course with Connect** window choose the option to pair with **A section in a new Connect course**.

Using McGraw-Hill content in LearnJCU

- From the **Select a Connect course** pulldown, choose a discipline area. You can also search by author, title or ISBN. Click the textbook you want to use then click the **Next** button.

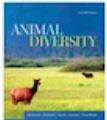

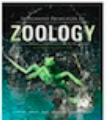

Hi, Scott!

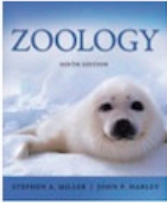

Create a Connect course

Course Selection / Course Info / Student Registration Info

Select a Connect course: Zoology

1 - 4 of 4

 Animal Diversity Hickman, 7L... ISBN: 0077655117	 Integrated Principles ... Hickman, 16... ISBN: 0077508963	 Zoology Miller, 10L... ISBN: 1259324184	 Zoology Miller, 9th ed. ISBN: 0077499751
---	--	--	---

 Zoology
Miller, 9th ed.
ISBN: 0077499751

- Type in a **Course name**. The name of your subject could be used here (eg Introduction to Biology)
 - Optionally set registration dates to restrict student access to the McGraw-Hill resource.
 - Optionally type in a Section name. Your subject code could be used here (eg BZ1007)
 - Optionally, choose to copy any McGraw-Hill Assignments you may have created in another course

9. After your subject is linked, click the **Return to Blackboard** link to add McGraw-Hill content to your subject site.

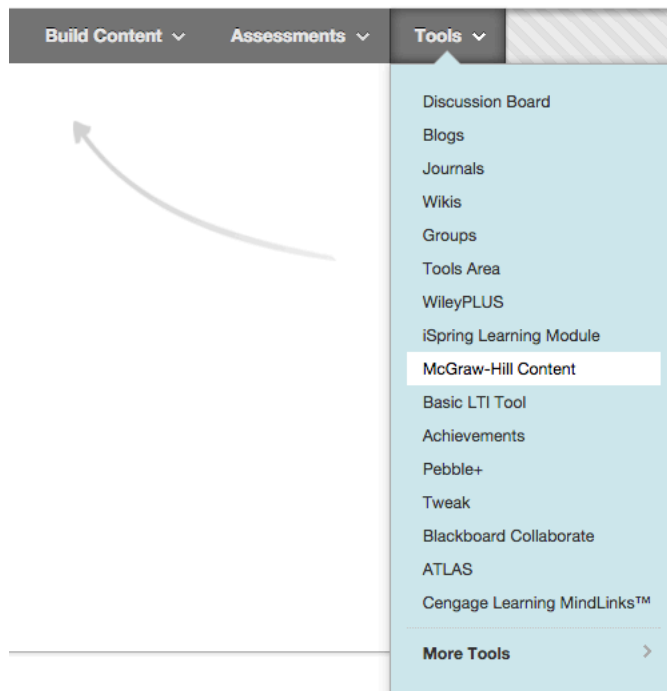

pair your course with Connect

Adding McGraw-Hill Content to your Site

1. Turn **Edit Mode ON** and navigate to the area where you want to place your McGraw-Hill content (eg Subject Materials)
2. From the **Tools** pulldown choose **McGraw-Hill Content**

Tasks to complete ▼

Using McGraw-Hill content in LearnJCU

3. Select the service you have paired your subject with (eg McGraw-Hill Connect).

McGraw-Hill Content

Below is a list of available McGraw-Hill Applications. Select an application to view the list of the available tools or select the information link to learn about the application.

McGraw-Hill Connect

McGraw-Hill Connect is a web-based assignment and assessment platform that helps connect students to their coursework and to success beyond the course.

[Learn about McGraw-Hill Connect](#)

McGraw-Hill SimNet

McGraw-Hill SimNet offers you a complete solution - an interactive, simulation-based software that is versatile, dependable and affordable for teaching and assessing proficiency in Computer Concepts and Microsoft Office applications.

4. Select the McGraw-Hill tool you'd like to use.

McGraw-Hill Connect: Tool Selection

Select the action you would like to perform from the list of available tools below.

McGraw-Hill Connect Assignments

Connect assignments provide students with a highly interactive learning experience.

[Learn more](#)

McGraw-Hill LearnSmart

LearnSmart is an adaptive learning system designed to help students learn faster.

[Learn more](#)

McGraw-Hill Connect Lectures

Students learn better when they're actively engaged with the material. Lecture Clips help.

[Learn more](#)

McGraw-Hill Connect Library

Find helpful resources related to your course in the Connect Library.

[Learn more](#)

You will be taken to the McGraw-Hill web site to configure the selected tool for your subject.

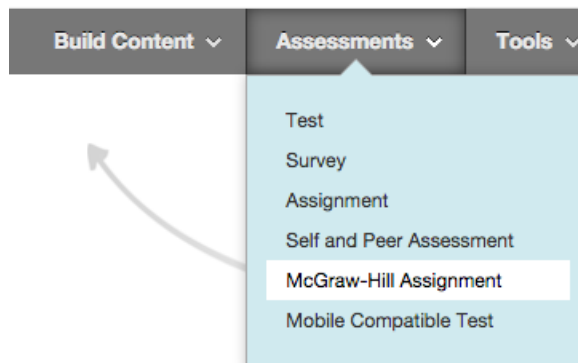

McGraw-Hill Connect Assignments

McGraw-Hill Assignments can consist of textbook end-of-chapter questions, worksheets, multiple choice and true/false questions from the McGraw-Hill Connect Question Bank, or web activities.

To build a McGraw-Hill Assignment:

1. Turn **Edit Mode ON** and navigate to the area where you want to place your assignment (eg. Assessment)
2. From the **Assessments** pulldown, choose **McGraw-Hill Assignment**

Tasks to complete

Previously created McGraw-Hill Connect Assignments will be displayed.

3. Click the **Create New Assignment** button.

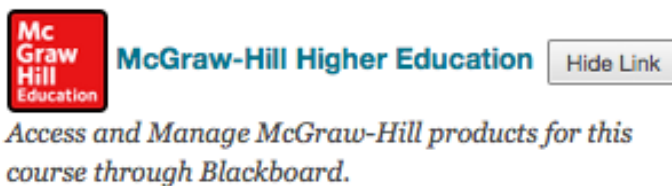

You will be taken to the McGraw-Hill web site to create MGH assignments for your subject.

McGraw-Hill Create

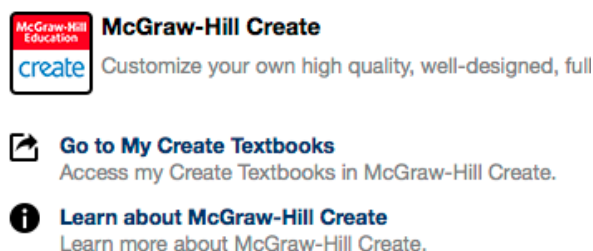

McGraw-Hill Create gives lecturers access to content – books, articles, readings, and other media – to create a personalised subject textbook and locate media to support learning activities.

To publish content from McGraw-Hill Create:

1. Turn **Edit Mode ON** and navigate to the area where you want to place your McGraw-Hill Create content (eg. Subject Materials)
2. Click the **Tools** area on the left then click the **McGraw-Hill Higher Education** link

3. In the **McGraw-Hill Create** section, click the **Go to my Create Textbooks** link

You will be taken to the McGraw-Hill Create site to select textbook content to be embedded in your subject.

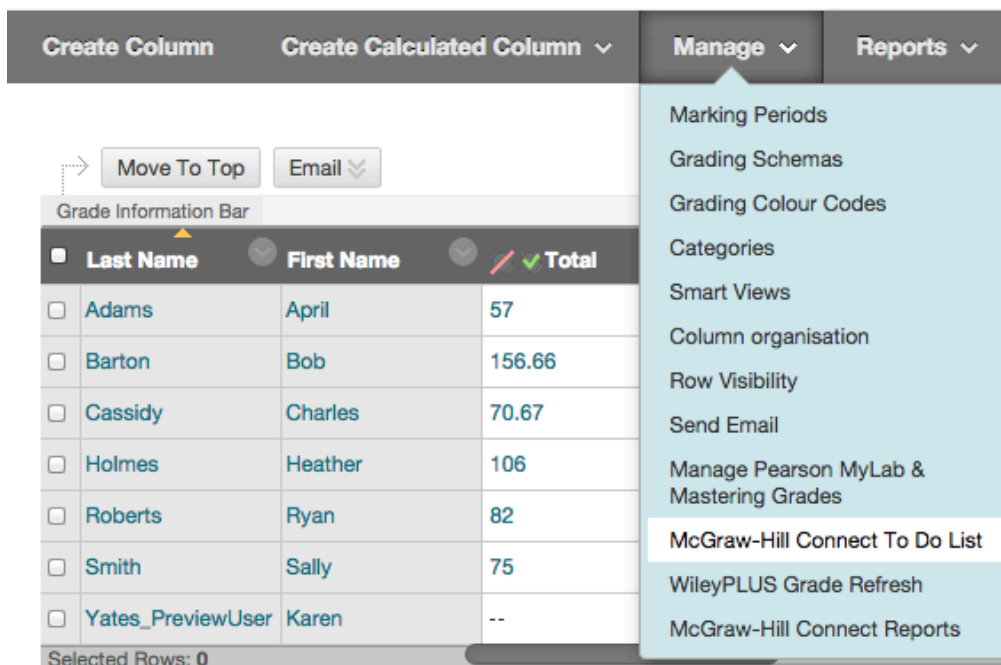

McGraw-Hill Grade Centre Integration

McGraw-Hill tools are also integrated into the Grade Centre in the **Manage** pulldown allowing you to create **McGraw-Hill Connect Reports** and access your **McGraw-Hill Connect To Do Lists**.

McGraw-Hill Connect Reports can be used to view assignment results, student performance, assignment statistics, and item or category analysis.

Grade Centre : Full Grade Centre

When screen reader mode is on, the Grade Centre data appears in a simplified grid. You can also enter a grade directly in a cell on the Grade Centre page. To enter a grade, access a cell's contextual menu when screen reader mode is off, you can type a grade directly in a cell on the Grade Centre page. To enter a grade, access a cell's contextual menu and press the Enter key to submit. Use the arrow keys or the tab key to navigate through the grid.

The screenshot displays the McGraw-Hill Grade Centre interface. At the top, there are buttons for 'Create Column', 'Create Calculated Column', 'Manage', and 'Reports'. Below these is a 'Grade Information Bar' with 'Move To Top' and 'Email' buttons. The main table has columns for 'Last Name', 'First Name', and 'Total'. The data rows are as follows:

<input type="checkbox"/>	Last Name	First Name	Total
<input type="checkbox"/>	Adams	April	57
<input type="checkbox"/>	Barton	Bob	156.66
<input type="checkbox"/>	Cassidy	Charles	70.67
<input type="checkbox"/>	Holmes	Heather	106
<input type="checkbox"/>	Roberts	Ryan	82
<input type="checkbox"/>	Smith	Sally	75
<input type="checkbox"/>	Yates_PreviewUser	Karen	--

The 'Manage' dropdown menu is open, showing options: Marking Periods, Grading Schemas, Grading Colour Codes, Categories, Smart Views, Column organisation, Row Visibility, Send Email, Manage Pearson MyLab & Mastering Grades, McGraw-Hill Connect To Do List, WileyPLUS Grade Refresh, and McGraw-Hill Connect Reports. At the bottom, it says 'Selected Rows: 0'.

McGraw-Hill Connect Assignments and the Grade Centre

- Creating or deploying a McGraw-Hill Assignment in LearnJCU automatically adds a column to the Grade Centre.
- McGraw-Hill Assignments are categorised as Assignments and will show up in the default **Assignments Smart View**.
- Connect assignments that can be **graded automatically**, such as assessments consisting only of multiple choice and true/false questions, will be graded in Connect, and the results will be delivered to the Grade Centre in LearnJCU.
- Connect assignments that require **manual grading** will appear on the **To-Do List** in Connect, and in the Grade Centre in LearnJCU with the **Needs Grading** status icon.
- When a student has completed a McGraw-Hill Assignment in Connect, clicking the **Return to Blackboard** link in Connect will immediately bring the grade into LearnJCU's Grade Centre.
